EASTERN NEW YORK CHAPTER
MID-ATLANTIC STATES SECTION

March 2022

Dear Educator:

Since 2002, the Eastern New York Chapter of the Air and Waste Management Association (AWMA) has awarded over \$157,500 in 321 grants to motivated teachers and students in our area. In 2021, 11 qualifying projects received grants up to \$750 per school for a total of \$7,448. Additional information can be found at our web site: <http://awmanenychapter.wildapricot.org/>

As members of ENY AWMA, we would like to introduce ourselves and announce the 21st Annual Earth Day Grant program. AWMA is an international organization of environmental professionals. The main purpose of our organization is to share knowledge about the environment, pollution, and ways to eliminate or reduce pollution. **To this end, we would like to announce that the Eastern New York Chapter of AWMA is sponsoring an Earth Day Grant program in honor of Earth Day 2022.** We would like to assist you in promoting environmental awareness by supporting environmental/science-based projects in your school.

If you have an environmental/science-based project or event that you would like to have funded, please complete and submit the attached Earth Day Grant Application by **Thursday March 31, 2022**. Partial or full grants will be awarded for qualifying projects or events based on technical and educational merit as determined by our Education Committee. We will consider funding project equipment (such as water testing kits, microscopes, and alternative energy kits), or an event (such as a special program presentation). Preference will be given to projects involving scientific studies (water quality studies, alternative energy projects, projects requiring data collection and analysis, etc.); however, all requests will be given consideration. Detailed descriptions of how and when the grant will be used, and specific educational benefits as a result of the program, are key areas in the application evaluation. As we are an organization made up entirely of volunteers, applications which minimize or eliminate costs associated with labor and administration are always welcomed. A list of the 2021 grant winners is attached, but should not be considered a list of the only types of projects which may be funded – try a new idea, think outside the box, be original!

Please refer to the attached Grant Application for the details and deadlines. All grade levels at schools with a zip code starting with “12” are eligible. We look forward to hearing from you, and hope that we can assist you in teaching our youth the role we all play in keeping our environment healthy.

Sincerely,

The 2021-2022 Eastern New York Chapter AWMA Education Committee:

Grants were awarded to a diverse group of schools and for a wide variety of environmental projects. Due to the COVID-19 pandemic, we were forced to cancel our annual November meeting, at which educators and/or students are invited to present their projects. In addition to members seeing the benefits of the grant program, our annual meeting presents an opportunity for students to speak in a professional forum. We look forward to the possibility of re-establishing this beneficial program in 2022.

In 2021, generous donations were received from:

Platinum Level (\$1,000+)	Silver Level (\$200-\$999)	Bronze Level (\$50-\$199)
Foundation for Engineering Education (\$5,000) Eastern New York AWMA Chapter	Sander Bonvell Heather Fariello David Roecker Stewart's Shops Holiday Match	Bob Duff Daniel Lang Brian Noel Paul Rappleyea Andrea Simmons Greg Sovas

As part of our fundraising efforts for this year's Grant Program, proceeds from the 9th Annual Peter B. Desrochers Memorial Golf Tournament in September 2021 generated in excess of \$6,575. Our annual golf tournament event will be held on September 9, 2022 at Van Patten Golf Club in Clifton Park, New York.
